TAX BILLS OUT NEXT WEEK

Total Tax Bill Shows Small Increase; County Rates Much Lower.

Taxpayers of Cook County should begin saving their nickles and dimes, if not their dollars, because the 1935 tax bills are expected to be in the mails some time next week.

The tax payers will welcome a reduction in the county and forest preserve rates and probably can not blame the local taxing bodies for the increases of a few cents. A reduction in assessed valuation has tended to raise the rates to some extent.

T. C. Hart, as deputy collector of Palatine township, has received two of his books, but will not send out the bills until he has all of them.

Mr. Haas, of Elk Grove, is in the same position. Announcements of dates of office hours will probably appear in the next issue of this paper.

Wm. Annen, Wheeling township collector, has not yet received his books, but returned from Chicago Wednesday with the word that the bills are on the way. The tax rates with those of 1934 are given below.

Wheeling Township

The larger increases were the village of Mt. Prospect, from 60c to 80c, and Arlington Heights high school, from \$1.14 to \$1.23; increases nearly as great are noted in school districts 23, 24, 25, 26 and 57. The non-high school rate is advanced from 48c to 53c.

School district No. 21 is the only local taxing body to show a decrease, its rate being reduced from \$1.56 to \$1.49.

Palatine Township

In Palatine township there are four school districts with lower rates than a year ago. Dist. 13 has a reduction of 10c, district 14 of 18c, district 17 of 35c and district 16 one cent. The increases in the other districts were slight and in the majority of cases are probably due to decrease valuations. The high school rate is increased 12 cents.

USUAL TOLL OF CAR ACCIDENTS OVER SUNDAY

Attempt to Pass Truck on Curve Is Disastrous.

Attempting to pass a truck at the Bradley curve, Arlington Heights road, Sunday morning, H. L. Clement, 7131 Constance avenue, Chicago, sideswiped the truck and was hurled into a field with disastrous results to the car. The truck was being driven by Paul Gibenco, 2456 Blaine Place, Chicago.

The occupants of the passing car escaped without broken bones, with the two women occupants sustaining the more serious injuries. Mrs. Lee Holloway has a badly cut arm; Mrs. Louise DeVore a dislocated right hip; Mr. Holloway a bruised shoulder and H. L. Clement a bumped nose. They were given first aid by Dr. E. A. Elfeld and were taken to the Northwest hospital, Des Plaines by the Lauderburg ambulance.

Sideswiped Parked Truck

A Chevrolet truck carrying a load of picnicers Sunday evening, failed to get entirely off the pavement near Ballard road and Milwaukee avenue when it stopped for repairs. A Chicago bound car sideswiped the truck about midnight and the occupants were treated for minor injuries. The police arrested the driver of the truck.

Fails to See End of Road

While Officers Krukowski and Manning, of the Sheriff Highway Police, were patrolling their post they came upon an abandoned truck at the north end of State road, which evidently had been driven into the ditch when the driver failed to note the end of the road.

FIRE WARNING

As a protection to our forest preserves and the wild life therein it is important that the forest preserve office or any members of its personnel be immediately notified when fire is discovered in the preserve itself or on lands adjoining the preserve. The telephone numbers that can be called for such a purpose are:

Division Headquarters, (dam No. 2) Des Plaines 595.
National Park Service, Park Ridge 3026-M.

Ed. Galitz, Wheeling 61-R-2.
Henry Grandt, Wheeling 47-W.

G. Rex Volz, Arlington Heights 456.
Henry Tagge, Arlington Heights 7057-W.

National Park Service, Barrington 142-J-2.

The general public and especially those who reside in places adjoining the forest preserves are asked to clip out this notice and paste same in their regular telephone book.

In case you have forgotten whom to call, your local telephone operators will transmit the message to the right authorities.

G. Rex Volz, Supt.

Race Track Men Jump Usual Board Bills

Assuming that Arlington Hts. would profit by past experiences, this paper did not issue any special warning regarding the possibility of the visitors leaving unpaid board bills when they left for Washington Park. Judge Koppin reports that there are a number of people who have now brought their woe to him expecting the hand of the law to reach down in Washington Park and by some magic pick out the guilty men and haul them back to Arlington Heights.

Judge Koppin is doing what he can, but the extension of board credit to race trackers is as much a gamble as placing a two dollar bet through the window.

Farmer and Hired Man Killed at Same Spot But Two Months Apart

Herman Ellerbrook, 55, who resides on Cumberland road, between Oakton and Dempster, met his death August 2 when he was hit by a car driven by George M. Field, 2236 Winnemac avenue, Chicago. Mr. Ellerbrook was crossing Milwaukee avenue at the time. The brakes of Mr. Field's car were tested and proved to be all right. At the hearing before Judge Sengstock Monday morning, Field was exonerated.

It was noted that two months earlier, even within the hour and in a similar accident, at the same place John Novak, a former employee of Field, had met his death.

O. star team. There will be dancing in the pavilion. The chairman who is in charge of the day are: Elizabeth Lumpkin, finance; J. Schmidt, parade; Fred Huescher, program; A. Poehner, grounds. The judges of the various events will be Alex Falk, Mack Falkner, Geo. Mittelstaedt.

Escapes from Flames In Wheeling Garage Fire

The Wheeling Fire Dept. was called out early Saturday when fire destroyed the garage on the Hubert property on Dundee road. Mr. Herman Janness, who lived in rooms above the garage, was slightly burned in getting out of the building. Because of lack of water, no attempt could be made to save the building. The firemen concerned their efforts in keeping the fire from spreading to the adjoining buildings and forest preserve.

On Monday afternoon the department was called to the Bon Air Country Club where a grass fire was threatening some of the buildings.

Schaumburg Clergyman Weds Palatine Couple

Miss Viola Glade, daughter of Mr. and Mrs. Herman Glade, Palatine, became the bride of Elmer Rhoads, son of Mr. and Mrs. Louis Rhoads, also of Palatine, Sunday evening at the home of Rev. Pfotenauer, Schaumburg. Members of the immediate family attended the quiet ceremony.

The couple plan to live in Mrs. Conrad Schroeder's home on N. Benton street. Mr. Rhoads is employed as a mechanic at a garage in Chicago. The bride is working at the Emerald Shop, Arlington Heights.

WHO IS WHO IN ARLINGTON

GEORGE F. SCHNEBERGER

Let us introduce you to George F. Schneberger, who has always been a golf fan, but who has been able to spend very few afternoons this season upon the golf links. George is a busy business man and also a busy alderman. If you doubt that statement, just follow him on his rounds between the office of Arlington Elevator & Coal Co., to his special hair at the coal silos, and to the municipal building. If you have ever tried to get this fellow on the phone, you know what I mean.

He is the "big chief" of the local police department and that is not an easy job. So take it from us, if you want "George to do it" you will have a busy time to find him and after you have waited out the other fellows who camp upon this man's doorstep, you will not have the heart to throw any more jobs upon his shoulder.

Incidentally, it was George who got all set up one day last year and went to the village board meeting "loaded for bear," all because nothing had been done towards setting up a park and swimming pool project for Arlington Heights. We have the park and are started on the road towards a swimming pool—all because George spoke his piece at that board meeting.

That shoulder, however, is a big one as it got its training on the football team of Northwestern "U" back in George's college days.

ARLINGTON REFUNDS ALL GENERAL BONDS

Accepts Offer of Bond House; New Issue of \$23,000 Includes All General Bonds.

Defaulted bonds, the bugaboo of all taxing bodies, has been lifted from the village of Arlington Heights by the acceptance by that village of an offer of Seipp Prinnell Co., Chicago bond house, to handle, at no cost to the village, the refunding of all general corporate bonds, both past due and those of later maturity. The bond firm will contact all present holders of bonds, handle the legal work and pay all costs. The new bonds, will not be actually due until 1957, but provision for their retirement serially each year, will be provided under the same taxing plan as at present.

This refunding plan will make no additional costs to the taxpayers, but will remove all possibility of the village having the stigma of defaulted bonds affecting their credit. It will also permit the use for other indebtedness of taxes not yet received, that belong to the retirement of bonds.

The Arlington Heights village board has made a big effort to catch up with their general obligation bonds and considering the delay in collection of taxes, have done very well, much better than many other villages of its class.

Lions Club Will Foster Centennial

The question of whether or not Arlington Heights will celebrate its centennial is now a settled matter. The Lions club has taken it upon itself to take the necessary steps for beginning plans for a centennial celebration to be held next year. Lion Jasper, is chairman of the committee in charge.

Girl Accepts Ride; Thrown Into Ditch

R. N. Firnbach, 306 N. Pine avenue, was driving west on Central road when he came upon a girl lying in the ditch at the Milwaukee R. R. viaduct. He took her to the Northwestern hospital, but she had sustained no injury. Upon being questioned, the girl, Peggy Meyer, of 5425 Kenmore avenue, Chicago, stated that she had been thrown from a car in which she had accepted a ride. She was taken to the Higgins bus line.

YOUNG GIRL KILLED BY AUTOMOBILE

Marlyn Bray, 2, Runs in Path of Car in Attempt to Cross Street.

Marlyn Bray, two year old daughter of Mr. and Mrs. Arthur Bray, 933 N. Highland, was fatally injured as she ran in front of the car driven by William F. Schroeder, 1008 N. Highland, about 7:30 Tuesday evening. Mr. Schroeder and Mr. Bray took the child to the home of Dr. Best where she died a few moments later. Deputy Coroner Kopecky presided at the inquest held in the Lauterburg and Oehler chapel Wednesday morning. The jury reported a verdict of accidental death.

Kenneth Busse, 9, a witness to the accident, stated at the inquest that he had seen Schroeder's car approach and had called to Marlyn and she was about to cross the pavement to the other curb where several children were playing. Mr. Schroeder saw the child crossing the road, applied his brakes, and swerved to the left to avoid her. Chief of Police Skoog testified that skid marks were evident for a distance of about forty feet. He also surmised that the automobile must have been traveling at 30 or 35 miles an hour. Mr. Schroeder testified that he had observed his speed a moment before at 31 miles an hour. Mr. Schroeder was driving his 1934 Terraplane north on Highland. His four year old son accompanied him in the rear seat of his car and was thrown forward against the front seat when the car was braked.

Members of the jury were George Klueg, foreman, William Beckman, Fred Bjurston, Otto Mirt, Art Dieball, and William Duenn.

Just 100 Shares of Arlington Bank Stock Left; Better Act Now

Lion Ewert, chairman of the bank committee announced to the Lions club Tuesday evening, that only less than 100 shares of bank stock remain unsold. He also mentioned that many requests have been received from outside people for stock, but that it is the desire of the committee to sell as much as possible of the remaining stock to local residents.

As an illustration to show what other people think of our proposed National bank, Lion Ewert said that he had just received a letter from a man in Minnesota who inquired to see if he could buy some of the stock.

Aug. 13 is the date set for the Lions club picnic. The place will be announced later.

Youth Falls Into Hog Feed Cooker; Injuries Fatal

Arvin E. Meyers, 19 years, of Shoefactory road and Route 59, died July 31, at a sanitarium in Elgin from injuries received July 23, when he fell into a vat of boiling water and potatoes which were being cooked to feed the pigs on the Anderson and Dye Hog Ranch on which he was employed.

Dr. Wolfarth on Vacation Trip To California

Dr. Wolfarth, of the Mt. Prospect hospital, left Monday on a vacation trip to California, making the journey with a trailer. Dr. A. Kushner will take Dr. Wolfarth's place for the month that he is away.

ALL SET FOR BIG PICNIC

Everything is ready for the big Republican picnic and rally at Plum Grove park Sunday afternoon and evening. A galaxy of prominent Republican candidates for state and county offices will be present at various times during the afternoon. There will be band concerts, dancing, bowling, a girl's ball game between Palatine and Long Grove, races and tugs of war for youngsters and adults and other forms of entertainment.

Families are urged to bring their basket suppers and make a day of it. All kinds of refreshments will be on sale on the grounds. So everything is ready. Come and have a good time. The big affair is being given by the Palatine township Republican club, the location is Plum Grove Park, 2 miles south of Palatine on Plum Grove Road, just north of Algonquin road.

Far be it for our youngsters to wish anyone bad luck, but they just proved themselves to be opportunists and privately told the editor that there was more than one grownup who also helped himself.

FIRE WARNINGS

The continued dry weather and increasing danger of fire has made necessary the issuance of the following warnings in the interest of fire prevention:

An adult should remain on the scene when a bonfire is started. All fires started should be extinguished with water.

Cigarette smokers should use care to extinguish cigarette butts.

Do not burn rubbish, bury it. No children should be allowed to have matches in their possession.

When a citizen sees a fire, as a public duty, he should make a personal effort to extinguish the blaze before it gains too great a headway.

G. K. VOLZ, Fire Chief
Arlington Heights, Ill.

ARLINGTON HTS. POLICE TO PLAY NO FAVORITES

The Judge Is The Only Man To "Fix Tickets" Hereafter Says Schneberger.

Accepting the challenge that there has been too much leniency in the past shown to local violators of the motor vehicle laws, the Arlington Heights police department has entered upon a campaign of safety first. Local residents who exceed the speed limit and do other acts contrary to the vehicle laws need not be surprised if they hear the police siren the next time they drive home from the train.

In increased activity on the part of the police department followed the assignment of two officers to day duty. "From standpoint of efficiency," declared Alderman Schneberger Wednesday, "there should be no fixing of tickets, and hereafter, the department will brook no interference from any one."

"I do not care who is the guilty party, whether it be a member of my own family, or whether it is the duty of the police officer to either warn or make the arrest as the occasion warrants and the officer can expect full cooperation from the department."

These were the instructions given by Chairman Schneberger Wednesday morning.

Mr. Schneberger was emphatic in his instructions and there was no doubt even in the editor's own mind that hereafter he himself would watch the speedometer when he comes down the Northwest highway from Palatine.

Local Business Man Victimized By Gyp Artist

The race track crowds have gone, but a local tavern keeper will remember a gyp artist who victimized him out of \$10 and nearly got another local man in trouble who innocently tried to cash a fake race ticket. The latter was taken into custody before Judge Koppin, proved his innocence. A tavern keeper on the plea of a stranger that he was ill and had to leave town at once cashed a \$21 win ticket for \$10. On the presentation of the ticket at a paying window the local man was taken into custody.

Last Wednesday, however, Edwin Sherwood, one of the henchmen of the gyp ring attempted to cash two tickets, himself and was unable to prove his innocence when taken before Judge Koppin and at the hearing Friday, was sent to the county jail. The costs in the case were paid by the Jockey club and as the government has an interest in the tickets, federal intervention may aid the further prosecution of Sherwood.

The gyp ring travelled from track to track, actually changing race tickets in the use of similar methods as tried in Chicago to victimize theater owners on bank night. At Arlington Park, the first two tickets passed were discovered and the paying tellers were put on the alert for similar attempts.

Free Ice Cream for Kids When Truck Overturns

If any Arlington Heights youngster "didn't feel like eating supper" Friday evening, it's a sure bet that he must have heard the good news that an ice cream truck had tipped over. Or if the dish pan was missing, he probably was one of the smarter ones who brought containers to cart away the free ice cream.

It was a treat on Smith Ice Cream Company when the driver lost control of the truck and overturned into the ditch on Dundee road near State road, Friday afternoon. A local garageman retrieved the truck and the "gangs" made his garage their club house until the last quart was gone.

Far be it for our youngsters to wish anyone bad luck, but they just proved themselves to be opportunists and privately told the editor that there was more than one grownup who also helped himself.

FIRES COST TAXPAYERS REAL MONEY

Adults and Children Disregard Warnings; Fires Continue; Costs Mount

The disregard of fire safety measures on the part of adults and children, is costing the tax payers of Arlington Heights, Palatine and Mt. Prospect some real money. An Arlington Heights boy struck a match to some dry grass. It cost the village of Arlington Heights \$25.50 to extinguish the blaze. A Mt. Prospect woman attempted to burn some rubbish upon the rear of an adjoining lot, fire department members were called to extinguish the blaze at an expense to the village. A Mt. Prospect boy on a bicycle lit the grass in three places. Every fire call costs Mt. Prospect over \$30.

Last Sunday, an entire farm in Orland township, including all farm buildings was destroyed by a grass fire.

The village of Arlington Heights Monday evening authorized payment of \$110 to local fire fighters on four alarms, made within ten days. Even then no charge was made for one call.

The municipalities may be able to pay the firemen fees, but if such disregard of safety measures by the general public is allowed to continue, sooner or later a home or other property will go up in smoke and the loss will be one that the owner can not afford.

The village of Mt. Prospect last year, through the use of relief workers "burned off" all dangerous spots. This year there are no relief workers available for such a purpose. The suggestion has been made that a similar plan be tried in Arlington Heights.

Grass fires are being treated as still alarms in Palatine, but there have been three calls this week. None admits how they were started.

Reports come from McHenry county of entire grain fields that have been destroyed. The Des Plaines and Cook County Mutual Fire Insurance Co. recently issued a warning to its policy holders. Up to the present time that company has suffered no serious loss due to grass fires, but anything can happen, states Geo. Busse, secretary, unless every owner and every tenant is on his guard.

There has been an average of one fire a day in the forest preserve the past three weeks. The Des Plaines fire department was called out early this week to prevent the spread of a blaze through the preserve.

Coach Grose Issues Call To Footballites

Coach Grose of the Arlington Heights high school issued a call for all boys who want to take part in football to report at the high school Thursday evening, August 6 at 7:30 o'clock. Grose expects to be out of town the last two weeks in August. It is highly important to have all boys who are interested, report for the meeting. Since the first game of the season is scheduled for September 19, plans must be laid at this meeting to begin practice as soon as possible after September 1.

Any expecting to be away from Arlington the night of August 6 had better get in touch with Coach Grose before leaving since plans will be made to accommodate those boys who report at the time specified.

36-year-old Thresher Still in Operation

Chas. Schoppe, the veteran thresher, of Palatine, whose machine in the early years of this century was kept in operation from July until snow time, sold his outfit this week to S. A. Merrick of Hanover township, who is threshing with it today.

Mr. Schoppe purchased the machine in 1900 and operated it thirty-three years. It has been idle the past three years, and when hauled out on the road appeared to be in as good condition as in its hey days—that is the way that Schoppes keep their farm tools.

Mr. Merrick with his truck hauled the Case team engine and thresher to his farm.

Farmers To Hold Annual Picnic Next Tuesday

FARMERS TO TAKE A DAY OFF

Mr. Barrett, the Farm Adviser tells us, that arrangements are quite complete for the entertainment of all the Farm Bureau folks in Cook county and their friends at the Annual Farm Bureau picnic at Santa Fe Park, Tiedville, on Tuesday, August 11.

The Farm Bureau as is so well known is non-sectarian and non-partisan, but is strictly pro-agricultural. It is continuously fighting the battles, national, state and county, of farmers, both as individuals and collectively. The Cook County Farm Bureau has been extremely successful in these last years, meeting with consistent growth each and every year which in itself proves the efficiency of its program and proves that it is rendering a service to the individuals in excess of the membership charge.

The 4-H Club work which is an educational feature carried on among farm boys and girls which has as its objective the building of the farm boys and girls rather than an economic gain. It too, under the leadership of Mr. Tascher during the several years that he was here as well as this year under the able leadership of Mr. Glover, the Assistant Farm Adviser, has made very consistent gains in volume and quality of work. The boys and girls are exhibiting their products at the picnic next Tuesday and those who are judged winners in their respective classes will be sent to the State Fair at Springfield later in the week.

A drawing of a five-ton load of hard coal or its equivalent in other coal or \$60.00 in cash is one of the main features. Everyone will go home from the picnic happy, but the winner of the substantial prize particularly so.

Threshing is nearing completion in both ends of the county and grain yields have been good. Pastures are short and corn is firing. Certainly rain is needed, but the good or the bad on your own farm will not keep you away from the picnic. No matter how much the farmer enjoys his own farm, the farm people more than any other class in the world, we believe, enjoy their neighbors and enjoy neighboring with their neighbors and next Tuesday our Cook county farmers will set aside to play ball, have fun and visit.

Leave it to Jake and Mac, the committee on sports to have something entertaining for all in the way of sports.

A particular attraction and added feature that is so necessary to make a picnic a picnic is the brass band and music for dancing for those who care to dance.

Knowing the Farm Bureau as we around the Herald office have come to know them, we'll predict that it would be good judgment for all of the good Farm Bureau folks to set aside Tuesday and go to Tiedville early in the day without high heeled shoes on the women folks or neckties on the men folks, prepared to have a good time and lots of it.

Grass Fires Troubled Fire Dept. Last Week

The Arlington Heights Fire Department were called upon to quench three grass fires which threatened to kindle nearby buildings. A neglected bonfire was the cause of a blaze in the vicinity of 1128 N. Duntun, Sunday. Another fire, cause unknown, spread along W. Wing street, Friday. A seven year old law set fire to the dry grass in a vacant lot in the 900 block on N. Mitchell, Monday afternoon.

"Arlington Heights residents are all too careless with bonfires," protested Fire Chief Volz, "and some action will have to be taken to curb the many grass fires that are so prevalent this season. An ordinance that provides that an adult attend every bonfire will be invoked and violators punished."

Cal Pidgeon To Remain at Arlington Ballroom

Cal Pidgeon and his orchestra will continue its engagement every Wednesday evening at the Arlington Ballroom. It was in response to a demand on the part of the patrons that the engagement of Cal Pidgeon and his orchestra has been continued at Arlington Ballroom.

Entire Structure of Building Control in Arlington Is Threatened.

The building restrictions in Arlington Heights and unlawful acts by owners, was a subject heatedly discussed between 11:15 and midnight Monday evening by the village board.

AUDIT GETS O. K. BY BOARD

Spends Two Hours Discussing Recommendations of Auditing Firm.

The Arlington Heights village board had a busy evening Monday night, spending two hours discussing the audit, one hour in regular business and nearly an hour talking about the infractions of the building code.

Mr. Smart, of the certified accounting firm of Allen R. Smart & Co., was present to explain various points covered by the audit. Thru-out the discussion he frequently referred to the advisability of installing a general double entry ledger as a control of all general corporate accounts. He especially urged such an installation for the water accounts. Members of the finance committee will inspect the new system recently installed by Mr. Smart's firm at Des Plaines.

The village may find itself unable to contribute \$25 a month towards the nurse's salary because provision for such an expenditure was not provided in the appropriation ordinance that was passed a week ago. The board members as individuals expressed themselves as favorable to the expenditure if a legal way could be found to make it possible. The board did offer to issue time warrant as an advance payment on the 1935 taxes that would be due to the nurse fund.

Olcse Prepares For Campaign; Vacations In West and Mexico

George Olcse is vacationing in the west preparatory to a strenuous fall campaign for President Roosevelt and the entire Democratic ticket.

Leaving Arlington Heights last week George and several friends started for Denver where they expect to do a little fishing and then drive south through New Mexico, Texas and ending up in Mexico, visiting all points of interest enroute. Returning in about three weeks George claims he will be sufficiently rested to put on a driving finish in the fall election.

His friends wish him a pleasant, restful trip and a speedy return.

Valetta Is Maltese Fortress

Malta, Great Britain's strategic naval base in the Mediterranean, has been conquered by many nations. Valetta, chief port of the island, was founded by a group of crusaders who became known as the Knights of Malta. The moat and walls, ancient defenses of the city, remain. As at Gibraltar, many of the harbor fortifications are hewn out of solid rock.

Wedding Anniversary And Surprise Shower

Mr. and Mrs. John Croyell gave a double celebration on their wedding anniversary Wednesday August 5, in their home on North Douglas avenue.

The shower was on her sister, Mrs. Harold Scharringhausen of Des Plaines.

The guests were of both families, and you may be sure the hostess, Mrs. Croyell, saw to it there was the very best of good things to eat, equal to any bride's cake ever taken from the oven. She had also provided a great white umbrella to keep the down pour of gifts from drowning her sister.

You may be sure it was a happy party and no doubt little Clyde danced up and down to help the fun.

The Lotus Studio Still Open For Business

Rumors that the "Lotus" studio has closed, are in error, but that studio has only discontinued collections of films from local stores. The studio is open for all classes of photographic work, but restrictions are placed on amateur finishing which will be done whenever a sufficient amount accumulates to at least pay the cost of developing and printing. Amateur finishing which is wanted in a hurry will be taken care of under special order at prices which will be quoted at time order is placed. All work subject to appointment only.

WHY CLAUDETTE PUNCHED GIANT

Petite Claudette Colbert uncorked her Sunday punch on the jaw of a 315-pound wrestler during the production of "Under Two Flags."

The wrestler was Tor Johnson, who is supposed to slap Hans Von Morhart in a cabaret scene of this romance of the Foreign Legion.

After the first take, Miss Colbert suspected that Johnson was not pulling his punches. So she stepped onto the set, kissed the rising welt on Von Morhart's face, and turned to address the big assailant.

"As hard as you hit him, I'll hit you," she threatened, and let him have it from the knee. Johnson was gentler on the next scene. Continental. All emphasize a departure from frivolous crimping. The new styles show the top of the head smooth and sleek, with curls in front, back or fringewise.

Miss Evelyn Baek, of Arlington Heights, formerly employed in a Chicago beauty shop, is now at Ida Graft's.

Who is seen in two great triumphs at the Arlington in the next seven days. She stars in James Oliver Curwoods "The Country Beyond" on Saturday night, Aug. 8 and is co-starred with Rogers old chum, Irvin S. Cobb along with Paul Kelly in "Everybody's Old Man" on Tuesday night.

a skilled nurse, was with Mrs. Scott in her last illness. Mr. Scott has built several houses and been a busy hard worker, but feels he must now retire, Miss Maude takes study courses and keeps the home. They do not lose their interest in their old friends in the Heights.

Mr. C. E. McWharther came home from a trip in which he covered part of western Kentucky, and also the state of Arkansas. Besides the wonders of the Ozarks, Mr. McWharther says for the limited land they till, their crops were good, especially when you could get a 60 pound watermelon for 25 cents.

Harold Oefelein from Los Angeles, Cal., put in a busy two weeks vacation visiting his father, Mr. M. Oefelein and brothers, Wallace and Francis, and a trip up to Benton Harbor, on a lake trip, from there to visit the Dobertons at Lawrence, Mich. Of course, Mrs. Olive Allison, the Helms, and scores of other relatives and friends are all proud of Harold, who is certainly one of our home boys who has most honorably made good. He has been for nearly 20 years in the National Bank of California, where he holds a trusted and responsible position. We were glad to hear that Mr. and Mrs. Lester Allison were in better health than they were last year. It was good to see Harold and hear from old friends.

One of the busiest men about our town is the hard working Louis Clark, the thistle commissioner, and we expect all manner of unreasonable things from him but then Mr. Clark is a Hoosier and we Hoosiers are built for work. Little Jimmie Firnbach, son of Mr. and Mrs. Renador Firnbach, was four years old Tuesday, Aug. 4th, and the relatives did him proud in their celebrating his "four times one is four." Way in future little Jimmie will remember all the nice things they did for him and it didn't spoil him either.

Mr. and Mrs. Robert Palmer have returned from their summer outing in their cottage by the lake and must find out hot dry atmosphere far from refreshing.

The Infant Welfare Clinic will be held in the Health Center next Tuesday, Aug. 11, at 2 o'clock.

Miss LaVerne Storms is spending the rest of the summer at the home of Mr. and Mrs. Richard Tonne at Lake Zurich.

Misses Marion Jahn and Gwendolyn Topping left Saturday on the streamliner, City of Denver, for Estes Park, Colo., where they will spend two weeks upon a dude ranch.

Miss Elizabeth Eifeld from Chicago has been spending some time with her brother, Dr. E. A. Eifeld, while sister is with her invalid sister in St. Louis.

Rev. H. Kuester and family, from Chamberlain, S. D., have been guests of his sister, Mrs. H. Kuester and family for the past week or more in her home on Belmont Avenue. From here Rev. H. Kuester and family went to southern Illinois to visit other of his sisters.

Mrs. J. J. Rubner entertained The Ideal Club in her home on Campbell street Monday evening. Mrs. E. B. Dearie was much surprised to be greeted as the guest of honor. She was copiously showered with beautiful and useful presents. There were enjoyable games and the very best of refreshments, to suit the hospitality of the hostess, guest of honor and all the happy company, of Ideal folks who make up the Ideal Club.

Saturday, Mr. and Mrs. C. M. Lutes bade goodbye to their many friends as they started toward their new home in the west. They expect to visit relatives at various places on the way and plan to locate in Seattle. There they hope Mr. Lutes will regain his health and that their daughter, Eleanor, will become more rugged.

Vacation plans for the Paul Williams' family include a trip to Rockford this week, where they will visit relatives and to the Dunes next week.

The Circus! Do you remember the thrill of your first trip to the circus? Mr. and Mrs. Roy Lawbaugh took their daughter, Laurel, to see the wonders for the first time Saturday. They spent the evening with Mrs. Lawbaugh's brother, C. Reynolds and wife in Chicago.

Jackie Monroe's wish for a playmate has at last come true. A baby boy was born July 30, at the Henrietta hospital to Mr. and Mrs. John Monroe. The baby is to be called Robert.

Mrs. Emily Jayne and two children of Freeport, visited her brother, Tom Pope, and family, a few days last week. Miss Betty Pope is visiting her grandmother Wilmes in Chicago, this week.

The Model Farm at Mundelein was a lovely place for the Public Service picnic which was held Sunday. Mr. and Mrs. Fred Utterback and Mr. and Mrs. Niel Barr, attended the picnic.

Sunday evening the Utterbacks related the events of the day to Mr. and Mrs. Earl Jacobson and children of Elmhurst, who were supper guests.

Mr. and Mrs. Chas. Ott are at home again after a five weeks' absence. Part of the time was spent at Mrs. Ott's old home in Kansas, and two weeks at Lake Pepin at Frontenac, Minnesota.

Mrs. P. L. Fiverson returned with her daughter, Mrs. Chas. Ott, for a brief visit.

Ruth Dahlstrom, a nurse at the Frances Willard hospital, visited her sister, Mrs. John Sujack, Sunday.

One can travel a long way and see a lot in five days. That is what Mr. and Mrs. Wm. McKaig and son, Emmett and his wife learned. They saw Niagara Falls and much of the surrounding country. A delightful trip in a short time.

CHRISTIAN SCIENCE CHURCHES

"Love" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 2.

The Golden Text was, "He that loveth not knoweth not God; for God is love" (1 John 4:8).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Hear, O Israel: The Lord our God is one Lord: And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might."

Ye shall not go after other gods. Of the gods of the people which are round about you" (Deuteronomy 6:4, 5, 14).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Love, the divine Principle, is the Father and Mother of the universe, including man. . . . The everlasting I Am is not bounded nor compressed within the narrow limits of physical humanity, nor can He be understood aright through mortal concepts. . . . No form nor physical combination is adequate to represent Infinite Love" (p. 250).

In Deathless Romance

Motion picture fans who breathlessly followed Ronald Colman in "Beau Geste" and who adored Claudette Colbert in "It Happened One Night," have a great new treat in store for them in "Under Two Flags," which comes to the Arlington Theatre Sunday and Monday.

It is the picture which brings these two titans of the screen together in roles that surpass even the most magnificent of their past triumphs.

Miss Colbert plays the role of "Cigarette" in this adaptation of Ouida's immortal story of the Foreign Legion. A lovely flirt, she toys with the affections of Victor McLaglen, Legionnaire major, until she meets Colman, a member of the ranks. Then she impulsively loses her heart to him.

The Drama gains in power and intensity with the appearance of Rosalind Russell, fragile English beauty. Before he is sent out to the desert to help stem the revolt, Colman declared his love for her.

Rev. Landeck, 83, Will Preach at Anniversary of Glencoe, Minn., Church

Friday, Rev. and Mrs. A. C. Landeck, living on Foundry road, Arlington Heights, Illinois, left for Glencoe, Minn., sixty years ago the pastor organized a congregation at Glencoe, while being stationed at Hamburg, ten miles away. Roads and weather conditions were terrible in those days, but Rev. Landeck's labor was not in vain, as that congregation is now the largest of the Minn. District of the Luther. Mo. Synod. The congregation is celebrating its 60th anniversary Aug. 9, and they have asked their old and beloved pastor to preach to them.

Although 83 years of age, Rev. Landeck still is able to comply with their wish. He and his wife are traveling alone and they were looking forward to meeting the parishioners of both congregations and talking over the many interesting happenings and hardships of those pioneer days. For 10 years he served this branch congregation during these times, having to travel mostly on horseback through woods, rivers, swamps and in the winter, the snow. Once they had to flee on account of an Indian uprising, which was finally halted at Glencoe. Rev. and Mrs. Landeck expect to be gone about ten or twelve days.

Northwest Suburban Scouts Join Camporal At Madison Aug. 21

More than a thousand Boy Scouts and Scouters from thirty-two Councils of this section of Region Seven will gather at Madison, Wisconsin for a three-day camp together, August 21.

This is the first Camporal to be held by Region Seven of the Boy Scouts of America and this year Camporals will be held in three locations in this Region, at Madison, Wisconsin; Terra Haut, Indiana, and Battle Creek, Michigan.

This Camporal is a temporary camp of Patrols from many Councils camping for three days under their own tentage, doing their own cooking and joining with Patrols from other cities in the Councils.

The camp at Madison will be located in Olin Park, a beautiful park on Lake Monona on the outskirts of Madison. Visits to the State Capitol, the University of Wisconsin, School of Foresters and other points of interest will be made.

Patrols of Scouts of at least four and not more than eight each with an adult leader are permitted to attend this Camporal and it is expected that a considerable number of Patrols from the Northwest Suburban Council will attend.

Reports of Death of Harry Scott Exaggerated, Writes Acquaintance

The Palatine Enterprise is in receipt of a letter from Dr. Ben W. Wilson, of Morrison, that the report of Harry Scott's death, published in the July 24 issue was very much exaggerated, as last Sunday he called upon Harry who asked to be remembered to former Palatine friends. Dr. Wilson's letter follows: Editor Enterprise:

Mrs. Brockway sent me the clipping from your paper of July 24 stating that Mr. Harry Scott had passed away. I am pleased to say that I spent an hour with him this Sunday morning at the Old Folks Home on Route 30, about midway between Sterling and Morrison. I found him in great deal better health than at any time since a year ago last November, when I first stopped in to call on him. Today was his 64th birthday, so he told me. He wanted to be remembered to all his old friends in Palatine and asked about a great many of them.

He would be pleased to get a letter from any of them. His address is Round Grove Old People's Home, Whiteside Co., Ill. It seems kind of good to chat with any one from home, as we are amongst strangers all the time.

Last Sunday evening coming up from Sterling, we saw Harry sitting under an apple tree reading a newspaper. Traffic was very congested and I didn't care to turn out of line to say hello to him for fear of being bumped, so when we got this clipping that he died on Monday, I was sorry I didn't take the chance so this morning in going just I stopped in and asked the superintendent what happened to him. I found him in pretty good health and spirits. Best regards to everyone back home. I remain yours truly

Ben W. Wilson, M. D. V.,

Observer's Notes

Gaze on the distant heavens above. For a grand inspiring theme. The unreach mystery deep as love. Those hope of mortals, dream. Gaze on creation, unsolved, vast. And the littleness of man; Real of the heroes of the past, And match them if you can. Star gazing does not help us much. To gain all things sublime. The masters love, its human touch. Is the conquering theme of time.

What grander more inspiring theme in all time written on revealed, than the revelation of God's love and care for us as revealed through His Son our Savior Jesus Christ.

How all else fades into insignificance in presence of the teachings, and example, the shining light of His love and supreme sacrifice. All other themes are as chaff in comparison.

Turmoil, vexation and excitement drive out our thoughts of the great example. His love and peace. Yet if we desire to make the world better for our being in it we must join the forces of right, and the battle for peace, world peace. Pray for it, work for it.

Last night we listened to throngs of eager citizens gathered in Chicago to inform Col. Frank Knox, he had been nominated by the Republican party for the office of vice president of our United States. Bands played, the throngs shouted, and best of all, there were sincere prayers offered.

Come out early, stay out late. To inform a chosen candidate, They beat on drums, they shout and caper. But it had been more kind. To have sent the man a daily paper— To inform his puzzled mind.

No matter how gloomy a day may seem, there is sure to be some unexpected pleasant surprise awaiting you just around the corner. It may not be like Col. Knox surprise when informed of his nomination to a high office, but it will bring a thrill of genuine joy, may be even greater than he felt on learning that great surprise.

Got such a thrill myself that same day, when here came Royce Volz McWharter bringing to me the key to the historic city of Ashland, Kentucky! The old home of the renowned statesman Henry Clay. Col. Knox got no thrill such as Royce's gift brought to me. Even if he did have to give a long gable about it.

Yes, cheer up! There is sure to be a change in the weather. A change in the cloud of gloom and discouragement that shuts you in today.

Eyes for blemish, eyes for beauty, Through which of these do you see, Does work to you seem a dreary duty, Or a gift God sends to thee?

Eyes for blemish gloat in turning To evil all things that be; Eyes for beauty joy discerning Where good gleams gloriously.

That reminds me of my sister, who is always observing beautiful things in nature round about us as she moves along street or byway. Coming to us one morning last week she spied a blossom of Queen Anne's lace lifting its crown of lacy flowers in the air, and odd to see one half of those flowers were a dainty lavender in color a pretty freak of nature's preference in color.

Speaking of flowers, how did you react to seeing our own Illinois candidate smothered all about with the Kansas Sunflower. A good enough blossom, and one we admire and let the Kansas folks revel in it.

Yes we are even willing for them to sing "I feel just as happy as a big sunflower, that nods and bends in the breeze." That's all right for them but for our Illinois candidate we should have used our own state flower, the wild rose, and I'm sure Colonel Knox would have been gratified for we chance to know he does know and admire flowers.

The tumult and the shouting cease, And so, today here in our town We view the glory that was Greece. All disarranged we settle down Where we left off, take up the thread And dig in for our daily bread.

The picnics are a thing of the past. The park season has closed. Scores of strangers are leaving town. Some have won, some have lost. We refrain from expressing the question here, and yet must ask what of good have we received from the race track in our town?

In this time of uncertainties, of instability in politics and worse yet in faith, it is good for us to reflect on the old faith "faith of our fathers, holy faith." New obliques and new isms are poisoning the minds of youth even in our colleges. Science, so called, scorns the Bible, God's revealed word to man.

One crieth "lo-herel and another lo-there. For a new found cult or belief. A new found science or fad Or some faith to be had In the lead of a wonderful chief.

Yet this greatness of thought Though called new is I wot Old as time, in all that is true And the thought you desire Though you name it, "the higher" God only revealeth to you.

Lo! here and lo! there With the wheat grows the tare The ism the cult and the fad, In the night comes the thief

Choking out true belief, Uprooting the good for the bad.

Back, back to the rock That resists every shock; God's message to you and to me, If its strength you would reach As the Master did teach You will learn how God's truth Makes us free.

In the August number of The Readers Digest is an informing article entitled "Your mind never grows old." Too bad people who are saying Borah is too old to be president, or to remain in the senate wouldn't read it. Maybe their brains fail to function at forty for lack of exercise!

August greets us warmly. The

second day 96—in a cool shady porch, June killed all our garden truck so a few degrees of heat more or less cannot hurt so why worry. Next year will be a fat year and we'll not be limited in the crops we raise, so we can provide for the next lean year.

Some one is always croaking "there ought to be a law," yet we have laws enough if they were enforced, and people would obey them. "Beware of setting fires; the very soil will burn. Canada thistles, burdock make artistic ornaments all over our town. Our good friend Louis Clark has no big salary but he wears himself to a frazzle trying to rid our town of these noxious weeds.

VOICE OF PEOPLE

Candidates, Politicians, Editors
 Why silence on the paramount
 question? Does the Bureau of En-
 graving print reserve notes on
 money paper and stamp the gov-
 ernment's legal tender, fiat on them
 for seven mills (.7c) per note which
 amounts to about thirty cents (30c)
 for a thousand dollars (\$1000.00)?
 Is that all it costs the bankers to
 get new money to buy bonds?
 Please answer.

Yours respectfully,
 Old Scout,
 Arlington Heights, Ill.

Did the Reserve Bankers buy the
 people's gold \$10,000,000,000.00,
 with this cheap money? Then did
 they own the gold and were given
 over \$7,000,000,000.00 in gold cer-
 tificates for it? Was that some
 steal?

Why not have paid for the gold
 with U. S. legal tender notes backed
 by the gold and silver purchased
 and the wealth of the U. S.? Then
 the U. S. would own the gold, and
 would not all this gold and silver
 be security for the issue of real U.
 S. money to relieve financial dis-
 tress?

Should Uncle Sam assume the
 redemption of all Reserve and Na-
 tional bank notes and obligations,
 call in all gold certificates and dis-
 continue delegating the power to
 create our money and control of
 credit to private bankers? Should
 the many billions of gold and silver
 have been taken out of circulation
 without being replaced with an
 equal amount, or more if necessary
 of U. S. money to protect invest-
 ments and bolster up business? If
 not motivated by ulterior motives
 or prejudices, why should we vote
 to continue the abuses and wrongs
 of the past?

Have you heard that a banker
 said, "The government makes me a
 present of \$5,000.00 a month, not
 much, but helps some." Do the peo-
 ple of this country owe the depres-
 sion planning banking Fraternity
 any gifts?

Respectfully submitted for con-
 sideration.

Make Statewide Search
For Traces of Bandit
Dead Eighty Years

They combed California for
 traces of a bandit who had been
 dead for eighty years!
 Nevertheless, a reward was of-
 fered for the person or persons who
 could furnish the Metro-Goldwyn-
 Mayer studies authentic relics of
 Joaquin Murrieta, who rode a three-
 year trail of vengeance through the
 state at the height of the gold boom
 of 1849.

The strange quest was produc-
 tive. Hundreds of persons aided in
 contributing spurs, saddles, boots
 and other articles which were used
 in the screening of "Robin Hood of
 El Dorado," starring Warner Bay-
 ley, which comes to the Des Plaines
 Theatre Sunday. It is the romantic
 story of Murrieta's life.

Produced by John W. Considine,
 and directed by William Wellman,
 the picture brings back to the
 screen the majestic grandeur of
 such epical photoplays as "The Cov-
 ered Wagon" and "The Big Trail."
 It is hailed as one of the year's out-
 standing hits.

REV. COUGHLIN TO
SPEAK AT
RIVERVIEW PARK

It was recently announced by
 James I. Uplington, State Chairman
 for the National Union for Social
 Justice and Personal Representa-
 tive of Father Coughlin in the State
 of Illinois, that Father Coughlin
 would come to Chicago on Septem-
 ber 6 to address a monster mass
 meeting at Riverview Park. Father
 Coughlin's appearance in the heart
 of the middle western states at this
 time will make this the most sig-
 nificant speech of the year. The
 meeting will be open to the public.
 Tickets are now on advance sale
 at the N. U. S. J. Mass meeting of-
 fice at 67 E. Congress street, Chi-
 cago. It is expected that over 200,
 000 people will attend, making this
 perhaps the largest mass meeting
 ever held in the United States. This
 will be the first time that Father
 Coughlin has appeared at a public
 meeting in the State of Illinois.

Father Coughlin is scheduled to
 speak on national affairs at 4:00
 p. m. The speech will not be
 broadcast. Arrangements for the
 meeting are in the hands of a com-
 mittee composed of presidents of
 congressional districts.

This meeting will be of especial
 interest to Chicagoans because of
 the long fight of the National Union
 to secure Soldier Field for a
 mass meeting.

Business Picture
Briggest Since Start
Of The Depression

Not since the beginning of the
 depression six long years ago has
 the business picture been more
 promising than it is today. Here
 are some facts taken from current
 business reports.

Increase of 23 per cent in de-
 partment store sales in the Chic-
 ago area for the month of June
 over same month last year.

Residential building for the first
 half of 1936 was 61 per cent bet-
 ter than the same period for 1935.
 Dunn & Bradstreet report that
 business failures for the month of
 June were lowest for any month
 since 1920.

The farm real estate tax bill for
 the year 1935 was the smallest in
 16 years.

The business Activity Index for
 the whole country went to 89 this
 week as compared with a low of
 46 in 1933.

Telephone companies have made
 a 40 per cent gain from their low
 mark.

National power output reaches
 new all time high.

June life insurance shows 11 per
 cent gain over year ago.

Today deposits in 589 Illinois
 state banks are almost double the
 deposits of three years ago in 606
 state banks.

Despite political disputes, labor
 trouble and the drought, according
 to Leonard P. Ayres, national econ-
 omist, 1936 promises to be "the
 best business year since 1930, and
 possibly since 1929."
